## **LAUSD TO OFFER WHOOPING COUGH BOOSTER SHOT CLINICS** *Will Help More Students Meet New Requirement Before School Starts*

Los Angeles—All students entering the seventh through 12<sup>th</sup> grades must provide proof of a whooping cough immunization before they can enroll in classes. To encourage compliance with the new state law, the Los Angeles Unified School District (LAUSD) will offer several free clinics for schools scheduled to start in early August.

Friday, August 5, is the first day of instruction for the 2011-2012 school year for **Arleta High School, Sun Valley High School, and Polytechnic High School**, which operate on the District's "Balanced Traditional Calendar."

District clinics are scheduled:

- **Monday, July 25; Wednesday July 27; and Friday, July 29** at the Zelzah Clinic, North Area Nursing Office, 6505 Zelzah Ave., Reseda, between the hours of 7:30 a.m.-2:30 p.m.
- **Tuesday, July 26 through Thursday, July 28** at Sun Valley High School, 9171 Telfair Ave., Sun Valley, between the hours of 10 a.m.-4 p.m.
- **Saturday, July 30, Polytechnic High School**, 12431 Roscoe Blvd., Sun Valley, between the hours of 8 a.m.-3 p.m.
- **Tuesday, August 2 and Wednesday, August 3**, Arleta High School, 14200 Van Nuys Blvd., Arleta, between the hours of 8 a.m.-3 p.m.

Students must have a completed LAUSD immunization consent form and their current immunization record to receive the whooping cough booster. Additional LAUSD clinics will be scheduled prior to the opening of additional schools because many students have not brought proof of immunization or need the booster shot before entering school.

Additional LAUSD clinics are scheduled throughout the month of August. For locations and times click on the link below:

(more)

Monday, August 15, is the first instructional day for the following high schools: **Canoga Park, Chatsworth, Cleveland, Daniel Pearl Journalism and Communications Magnet, El Camino, Jefferson, Kennedy, Lincoln, LEMA at Lincoln, Maywood Academy, Monroe, Northridge Academy, Reseda, Sylmar, Taft, Van Nuys and Verdugo**. One elementary school, **Jaime Escalante**, will also start on that day. These schools are operating on the District's "Early Start Calendar" for the 2011-2012 school year.

The 2011-2012 school year is the first affected by the new requirement. A state law, effective July 1, prohibits seventh through 12th grade students from attending school unless they can show evidence of having received a whooping cough (also known as Tdap and pertussis) booster shot. While a 30-day extension from the day schools starts is anticipated because Gov. Jerry Brown is expected to sign emergency legislation, the District is proceeding under the original deadline.

LAUSD, the second largest school district in the nation, faces two major challenges – the size of the enrollment and the multiple dates on which schools start.

The first day for the new law fell on Tuesday, July 5 for the five year-round campuses of **Bell High School, Fremont High School, Huntington Park High School, Gage Middle School** and **Ellen Ochoa Learning Center**. Many students came to school without the necessary proof, but within days were cleared to attend school by bringing their vaccination record or getting the booster shot at school-based clinics staffed by LAUSD nurses, Los Angeles County public health nurses, and community clinic partners.

The law requires students who come to school without proof of the whooping cough (Tdap or pertussis) vaccination to be "excluded" from classes. The immunization has been mandated by the state of California because of an epidemic of this highly-contagious bacterial disease, specifically an increase in the number of cases among teenagers.

Parents and guardians seeking a public health location where the shots are available may call the L.A. County Information Line at 2-1-1. Information about county clinics is also available at: <http://www.publichealth.lacounty.gov/ip/IZclinics/clinics.htm>. For more general information, please go to: <http://pertussis.lausd.net> or [www.shotsforschool.org](http://www.shotsforschool.org).
